- clinical success of the “esthetic” zirconias
- can cone beam replace all other radiographic devices
- is the new crown classification working
- can failing implants be rescued
- are “bulk filling” composites working
- is the “all-on-four” technique living up to the ads and
- many other topics

Questions will be gathered before the event and answered during Gordon’s presentation.

At the conclusion of this course, the attendees will be able to:

- List and discuss the new concepts emerging in the profession
- Describe the new techniques and their effectiveness
- List and describe new materials and their proven effectiveness
- Implement the concepts into YOUR practice

Prior to the event, you will be sent a confirmation email from info@pccdental.com along with a link for course participation. Reminder emails will also be sent 1 day and 1 hour before the event.
